Dear Miss Hollaus,

It is kind of you to invite me to your party to meet people I would like very much to meet and to enjoy the beauty you have added.

I doubt very much if I will be in New York at that time, but if I may write myself a raincheck, I should like very much to be able to drop in some afternoon when I am in New York and say "hello" and enjoy a cup of your excellent espresso with you.

Perhaps by then I will have a copy of my new book for you.

Sincerely,

Harold Weisberg
